Docket No. 98N-1265 5 99 APR 26 AM 1:00  
Food and Drug Administration  
5600 Fishers Lane  
Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Even though I live in Wisconsin and I  
am not affected by the state line problem  
I do not think we need such a law.  
I feel I benefit by the products of Women  
Health America because of certain breast  
problems I have - the product I take is  
all natural - not a health risk. Other  
women will have this same problem and  
should be able to benefit as I do -  
We need less government in our lives, not  
more.
